

Overview:

Compass Cyber Guard, an affiliate of Compass IT Compliance, proudly stands as a certified Veteran-Owned Small Business (VOSB). We are dedicated to providing top-tier IT security solutions to our clients, embodying the values of service and integrity that are at the core of our veteran heritage. Compass Cyber Guard is not just a service provider; we are a partner in ensuring the digital safety and compliance of your organization.

At Compass Cyber Guard, we believe that the qualities honed through military service – such as discipline, strategic thinking, and a commitment to excellence – are invaluable in the fast-paced and ever-evolving field of IT security. This belief is reflected in our recruitment and hiring practices, where we actively seek out talented and experienced individuals who have served our nation and can bring these attributes to our team and client experience. Trust in our expertise and experience as a veteran-owned business to safeguard your organization’s future.

Services:

 **Penetration Testing**
Proactively identify and attempt to exploit critical vulnerabilities, drawing remediation insights prior to a real-world attack

 **Social Engineering & Awareness**
Foster security awareness among your team and simulate real-world attack scenarios to assess the effectiveness of training

 **Incident Response & Forensics**
Assess the extent of a breach, mitigate damage, and preserve evidence for further analysis

 **Vulnerability Management**
Detect, categorize, and score vulnerabilities existing in your organization’s website, applications, network, or devices

 **Cloud Security**
Evaluate your organization’s cloud infrastructure attack surface, identifying vulnerabilities in controls and configurations

 **White Label Security Services**
Offer quality security services to clients and expand your offerings as our experts work under your brand

“We found the Compass staff to be exceptionally proficient in subject matter knowledge and best practice for pen testing and overall compliance management. The team at Compass were extremely flexible and took extra care to accommodate our testing schedule.”

CTO/COO, Tylie Ad Solutions
